CNA/Medication Aide

Our Certified Nurses' Aides/Medication Aides build relationships with their residents. In our Life Care Community you could be serving long term care, rehab patients or assisted living residents. No matter what area you work in, you will make a difference in the lives of seniors. We keep the resident to staff ratio low so you have time to exceed their expectations and to build close bonds. Shifts available are:

Full-time Mon-Fri evenings

Every other Sat/Sun 6am – 2:30pm

Every other Sat/Sun 2pm – 10:30pm

Every other Fri/Sat 10pm – 6:30am

After 6 months, you'll know you are successful if:

- Residents miss you on your days off.
- Residents' faces light up in a smile when you walk in their apartment.

We can't exceed their expectations without you. Apply online now!

Cindy Mefford, PHR, SHRM-CP
